www.sollogs.ae

How to Subscribe and Access the Container Data Exchange Tool?

Step 1: Subscribe to a SDEx e-Product Plan

- ▶ Visit www.sollogs.ae
- ▶ Sign In to your account
- ▶ Go to Pricing > Plans & Pricing
- ▶ Choose the SDEx e-Product payment plan that suits your needs and click Subscribe

Step 2: Access the Container DataEx Tool

Users can easily access the Container DataEx Tool through any of the following methods:

- ▶ From the Portal Home Page, click on “Container DataEx Tool”
- ▶ Navigate to e-Products > SDEx (Sollogs Data Exchange) and select “Container DataEx Tool”
- ▶ Go to your SDEx Tools and click on “Container DataEx Tool”

Note: Only users who have subscribed in the Sollogs Portal can access SDEx Tools.

How to use the Container Data Exchange Tool?

Step 3: Generate an EDI Output File using the Container DataEx Tool

- ▶ Upload the Container Input Form - Click the “Browse for file” button to upload your completed container input form (Excel file)
- ▶ Validate the Container Details - Click the “Validate” button to confirm that the container details comply with Custom requirements
- ▶ Download the Output File - After successful validation, the output file is available for download and subsequent upload
